# “Awesome Otters” 3D Frame Fun Fold Card

Technique: 3D Frame Fun Fold & Stampin' Pastels Chalks

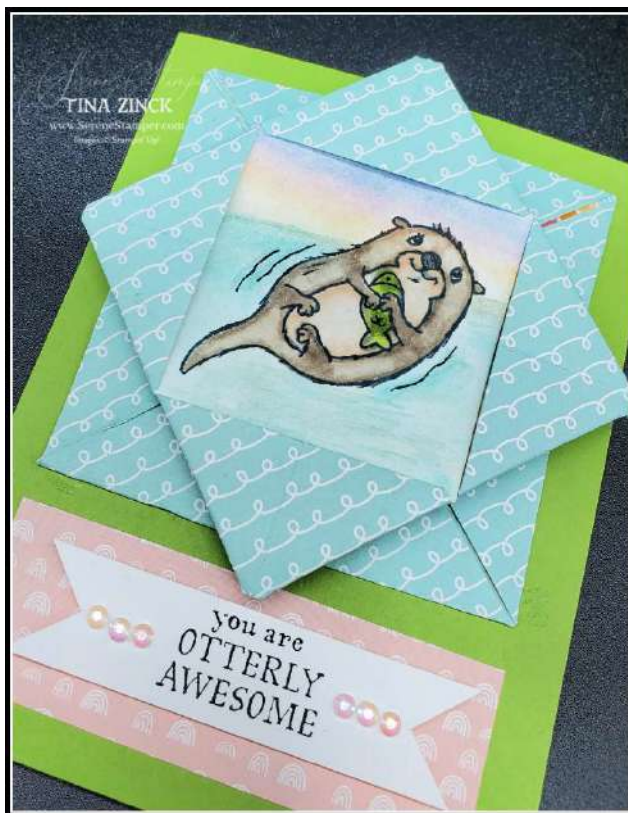

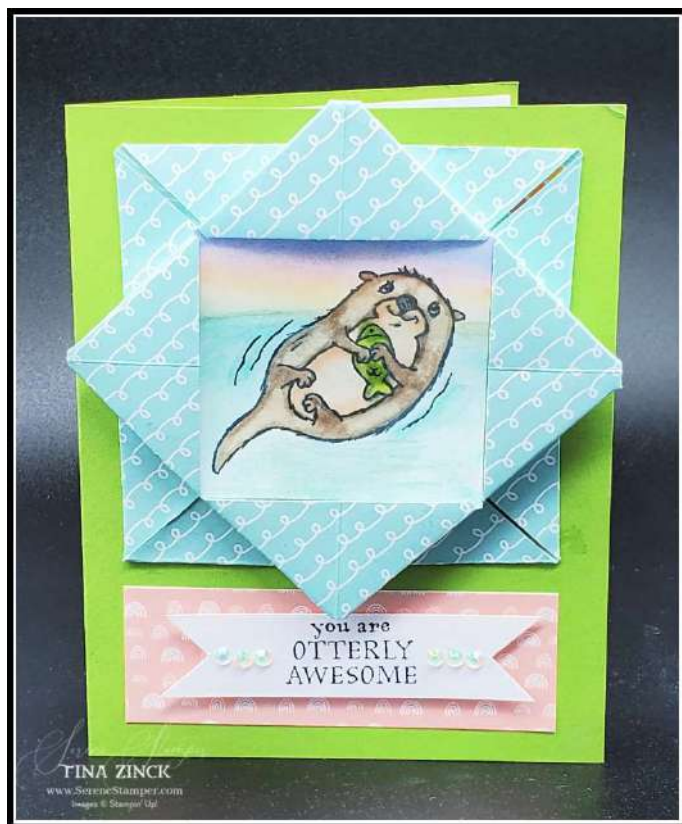

## DIRECTIONS

1. Cut Granny Apple Green card stock to measure 8 ½" x 5 ½". Score at 4 ¼" and fold in half for card base.
2. Use a piece of 6" x 6" Designer Series Paper to create frame; use bone folder:
  - Fold corner to corner on both sides. This will create "X" crease line inside.
  - Open paper and fold each corner into the centre of paper, creating a square.
  - Open paper and fold each corner up to the last crease line that was made in previous step. Once all four corners are done, fold each up, creating a 'frame'.
  - Flip square over to work with the 'solid side' face up. Fold each corner into the centre, but not all the way to the centre point. You want to leave a slight space around the edges of your folded triangle.
  - Fold triangles back, leaving about a ¼" space at bottom. The tips of these triangles will show behind the finished frame.

3. Cut Basic White card stock 2 ¼" x 2 ¼". Stamp otter with Black Memento ink pad and colour with light & dark Crumb Cake and Ivory Stampin' Blends Markers.
4. Use Stampin' Pastel chalks to colour sky and water.
5. Glue stamped piece to frame.
6. Place glue behind the 'outside' triangle flaps of frame and adhere to front of card.
7. Cut a scrap piece of Designer Series Paper 4" x 1 ¼" and glue to card.
8. Cut Basic White card stock 3 ¾" x ¾". Stamp sentiment. Flag edges and place on card with Stampin' Dimensionals.
9. Add gems & ribbon bow as desired to finish card.
